

The DC Campaign to Prevent Teen Pregnancy is recruiting teens for its

YOUTH LEADERSHIP TASK FORCE

DC Campaign has set the goal of reducing the teen pregnancy rate in Washington by 50% by the year 2005. In order to meet that goal we need the leadership of DC's young people to guide us in the right direction.

- ✓ **Meet and work with teens from throughout Washington.**
- ✓ **Learn leadership skills, including community organizing, public speaking, and peer education.**
- ✓ **Develop and conduct youth-led prevention projects.**
- ✓ **Be a “reality check” and advise DC Campaign on its programs and activities (so that they are responsive to the needs of teens).**
- ✓ **Become a Teen Pregnancy Prevention Advocate in your community (family, friends, neighborhood, and school).**

**FOR MORE INFORMATION
CONTACT Ginger @ 202-789-4666 ext. 13**

****DCPS community service hours are available for participation.****
